

SPECIALTY COPAY SOLUTIONS

# FlexAccess™

## Save money on your eligible high-cost medicines with FlexAccess<sup>1</sup>

Medicines for long-term health conditions can be expensive and hard to get when and where you need them.

FlexAccess is here to help. This is a new program that your health plan offers as part of your health insurance benefits. FlexAccess finds the best copay assistance (coupon) discounts for you — meaning your medicines may be cheaper and easier to get.

## Benefits you will gain when utilizing FlexAccess:

- **Savings:** Your out-of-pocket cost (what you pay for medicine at the pharmacy) will be set by the drug manufacturer assistance program and will almost always be \$25 or less.
- **More options:** You may be able to get high-cost medicines at more pharmacies.<sup>2</sup>
- **Peace of mind:** What you pay for your purchases through FlexAccess will count toward your deductible (what you pay before your plan starts paying). They will also count toward your out-of-pocket maximum (the most you pay in a plan year).

<sup>1</sup> Applicable to drugs on FlexAccess drug list.

<sup>2</sup> Pharmacy options will depend on how your health plan's benefit design is set up.
